Risk Profile of the Schemes

Mutual Fund Units involve investment risks, including the possible loss of principal. Please read the relevant SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

Risks associated with investing in Equity and Equity Related Securities

- · Equity instruments carry both company specific and market risks and hence no assurance of returns can be made in respect of these investments.
- Equity and equity related securities are prone to daily price fluctuations and the liquidity of investments made in the Schemes may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly due to unforeseen circumstances. The inability of the Schemes to make intended securities purchases, due to settlement problems, could cause the Schemes to miss certain investment opportunities. Likewise, the inability to sell securities held in the Scheme's portfolio could result, at times, in potential losses to the Schemes, should there be a subsequent decline in the value of securities held in the Scheme's portfolio. Also, the value of the Schemes' investments may be affected by fluctuations in interest rates, currency exchange rates, changes in laws/policies of the government, taxation laws and political, economic or other developments which may have an adverse bearing on individual securities, a specific sector or all sectors.

Risks associated with companies operating in the Banking and Financial Services Sector (Applicable only to Baroda Pioneer Banking and Financial Services Sector):

(a.) As the Scheme will invest in the equity and equity related securities of companies in the Banking & Financial Services sector, it may be affected by the risks associated with such companies, such as interest rate, credit, market and operational risks. (b.) The Banking & Financial Services sector is subject to extensive Government regulation, which may change frequently. Performance of this sector depends on availability and cost of money, and may fluctuate in response to change in interest rates and general economic conditions. Also, as businesses in this sector operate on substantial financial leverage, the value of investments in this sector may be impacted more than the value of investments outside the sector.

Applicable to Baroda Pioneer Mid-Cap Fund: Mid-Cap stocks may be more volatile & less liquid than large cap companies. Investors therefore, should assume that illiquidity risks are higher in this Scheme than in a normally diversified equity fund. Thus, relative to larger, more liquid stocks, investing in Mid-Cap stocks involves potentially greater volatility and risk.

Risks associated with transaction in Units through Stock Exchange mechanism: Allotment and/or redemption of Units through NSE or BSE or any other recognized stock exchange on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing, settlement, etc., upon which the Schemes have no control. Moreover, transactions conducted through the stock exchange mechanism will be governed by the operating guidelines and directives issued by the relevant recognized stock exchange.

Risk Mitigation/ Management Strategy

Investments in equity and equity related securities carry various risks such as inability to sell securities, trading volumes and settlement periods, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification and hedging. Further, the portfolio of a Scheme will be constructed in accordance with the investment restrictions specified under the SEBI (Mutual Funds) Regulations, which would help in mitigating certain risks relating to investments in securities market

Investment in debt securities carries various risks such as inability to sell securities, trading volumes and settlement periods, interest rate risk, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification.

Plans & Options

Fach Scheme has the following Plans

(i) Plan A - Plan A is meant for investors who route their investments through distributors only. (ii) Plan B (Direct) - Plan B (Direct) is meant for direct investments, i.e. for investors who purchase/subscribe to the units of the Scheme directly with the Fund, and is not available for investors who route their investments through a Distributor.

Both Plans will have a common portfolio, but Plan B (Direct) will have a lower expense ratio on account of absence of brokerage and commission. Hence both plans will have distinct NAVs. Also, the Options / Sub-Options will be available under both Plan A & Plan B (Direct).

The details of Options / Sub-Options (available under each Plan) are as under:

 $(a) Growth \ Option \ (Default) \ \ (b) \ Dividend \ Option \ - \ Payout \ Sub-Option \ and \ Reinvestment \ sub-Option \ (Default).$

Reinvestment sub option is not available for Baroda Pioneer ELSS'96 (BPELSS'96)

If the Dividend under the Payout Option not available of the Schemes is less than or equal to ₹ 200 (except for BPELSS'96), it will, by default, be reinvested under the Reinvestment sub-option.

Investment Strategy

Equity Schemes

The key factors of the investment strategy of the schemes are : (Other than Baroda Pioneer Banking and Financial Services Fund, Baroda Pioneer Mid-Cap Fund & Baroda Pioneer Large Cap Fund).

- 1. Identifying attractive opportunities on the basis of Government policies, research report and overall economic conditions.
- 2. The stock selection will take into consideration various factors like fundamentals of the business, market capitalization, infrastructure, quality of management etc.
- 3. Sector weightage and stock selection within the sector.
- 4. The portfolio will be sufficiently diversified by investing in a number of companies without any restriction.

The key factors of the investment strategy for Baroda Pioneer Banking and Financial Services Fund are:

- 1. Identifying attractive opportunities on the basis of growth prospects and valuations of the businesses over a medium term.
- 2. The stock selection will take into consideration fundamentals of the business, market capitalization, industry structure, quality of management, sensitivity to economic factors, financial strength of the company and the key earnings drivers.
- 3. The Scheme will invest in a number of companies without any restriction of market capitalization within the Banking and Financial Services Sector.
- 4. Within the Banking & Financial Services Sector, the Scheme will look at a bottom-up stock selection, and bottom-up fundamental research into stocks will be conducted, including company meetings, with a view to assessing management quality, competitive positioning and growth potential.

The key factors of the investment strategy for Baroda Pioneer Mid-Cap Fund are:

- 1. The Scheme portfolio will predominantly be a Mid-Cap portfolio across sectors and companies, which mitigates both concentration and liquidity risk.
- 2. The Scheme will invest in equity and equity related instruments of medium and small enterprises of Indian corporates with high management credentials. Special focus will be given to strong corporate governance.
- 3. Approach to investments would be to invest in long term compounding stories at reasonable price. Long-term horizon enables the portfolio to ride the economic/business cycle and to overlook volatility in short term due to external factors.
- 4. Portfolio construction would entail top down approach towards deciding sector weights benchmarked against the index. Global and domestic economic, fiscal, forex, commodity and various other parameters will be evaluated. Thereafter, the direction of both global and domestic economy will be ascertained along with its impact on various sectors.
- 5. Bottom up approach is used for identifying companies within the sector. We actively follow GARP strategy (Growth At Reasonable Price) where companies with a potential of above sector growth, improving efficiency and lower valuations are identified and evaluated for investment. Companies trading at a discount to their intrinsic value and have potential to turn around along with the cycle or because of its internal strength are considered to be value picks. Various fundamental and valuation parameters are considered in terms of revenue, assets and efficiency for identifying sectors and scrips which involves sales growth, Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) margin, Profit After Tax (PAT) margin, Price to Earnings (PE) ratio, Price to Book (PB) ratio, EV/EBIDTA, Dividend Discount Model (DDM), economic value added, etc.

6. Since this portfolio predominantly invests in Mid-Cap stocks, the companies are likely to have a higher growth element due to their small size and potential for higher product penetration, increasing efficiency and improvement in cash flow.

The key factors of the investment strategy for Baroda Pioneer Large Cap Fund are:

- 1. Within the broader market, the Scheme expects to invest predominantly in companies forming part of Nifty 100. However, the Scheme may invest in other large cap companies.
- 2. The Scheme will invest 75% to 100% in Equity & Equity related instruments and 0% to 25% in debt & money market instruments.
- 3. The fund management style will be opportunistic with regard to market capitalization and not from a thematic or sector perspective.
- 4. The investment approach will be a blend of top down and bottom up, and stock selection will be done by following Growth At Reasonable Price (GARP) strategy.
- 5. The aim of the Scheme would be to deliver long-term capital growth from an actively managed portfolio.
- 6. The Scheme would focus on blue-chip stocks with sound financials and market leadership

2. KYC

- To simplify KYC norms and make them more investor friendly and uniform across all intermediaries registered with SEBI, SEBI has recently laid down certain changes in the KYC process. The primary objective behind this is to eliminate duplication of KYC across intermediaries in the securities market. For this purpose, KYC registration is being centralized through KYC Registration Agencies ("KRA") registered with SEBI. Thus, each investor has to undergo a uniform KYC process only once in the securities market and the details would be shared with other intermediaries by the KRAs. CDSL Ventures Ltd. ("CVL"), who was retained by mutual funds for centralized registration and record keeping of KYC records, has obtained SEBI registration as a KRA. Further, SEBI has mandated an In Person Verification ("IPV") of clients to be carried out as part of KYC. IPV shall be a one-time process, and once it is carried out by an intermediary, may be relied upon by other intermediaries also. For mutual funds, IPV may be carried out by the AMC or by the Registrar, or by Know Your Distributor ("KYD") compliant distributors who hold valid certifications issued by the National Institute of Securities Market ("NISM")/Association of Mutual Funds in India ("AMFI") for their own clients or by Scheduled Commercial Banks (SCB).
- Under the new uniform KYC norms, the following shall be applicable for investing in the Scheme under this KIM ·
 - 1. For New Investors who are not KYC compliant under the erstwhile or new KYC norms:
 - a. KYC Application Form to be used, which is attached along with the application.
 - b. IPV/ Document verification to be done by the Registrar/AMC/KYD compliant distributors/SCBs.
 - Acknowledgement to be issued to the investor to facilitate subsequent investments from the investor
 - d. KYC application and necessary documents should either come along with a financial transaction or when the account is opened. This is in line with dematand bank account applies process.
 - For New Investors who have already done their KYC with any other SEBI registered intermediary under the new KYC norms: a. Such KYC compliant investors would not be required to do KYC again.
 - 3. For Existing Investors in the MF Industry: They will not be required to do KYC again.
- Investors who have completed their Centralised KYC (CKYC) and have obtained KYC Identification Number (KIN) from the Central KYC Records Registry (CKYCR), may quote their KIN while investing.
- KYC compliance with a KRA and enclosing the KYC Acknowledgement along with the Application Form
 are mandatory for all investors, including individuals, non-individuals, NRIs and channel investors,
 irrespective of the amount of application/value of transaction. Applicants applying for units through a
 PoA must ensure that the KYC Acknowledgement of both the issuer of the PoA and the holder of the
 PoAare enclosed along with the Application Form. The KYC Acknowledgement referred above will be
 issued by the KRA when an investor submits to the KRA, a KYC application and the prescribed
 documents. This KYC Acknowledgement is issued by the KRA as a token of having verified the identity and
 address of the investor(s) and for efficient retrieval of records.
- KYC status will be validated with the records of the KRA before allotting units. The Fund/AMC will not be held responsible and /or liable for rejection of KYC Form by the KRA. Where it is not possible to verify the KYC compliance status of the investor at the time of allotment of units, the Registrar/AMC/Trustee shall verify the KYC compliance status of the investor within a reasonable time after the allotment of units. In the event of non-compliance of KYC requirements, the Trustee / AMC reserves the right to freeze the folio of the investor(s) and effect mandatory redemption of unit holdings of the investors at the applicable NAV, subject to levy of exit load, if any. In case of an investor applying for CKYC effective February 1, 2017, if there is a mismatch in the name appearing in the CKYC application form and the one mentioned in the Proof of Identity (POI) document, CERSAI will reject the CKYC application. Investors are, therefore, advised to ensure that their names appearing in the CKYC application form and in the POI document are same.
- Please note that you need to comply with the KYC requirements by submitting requisite documents to
 the Registrar/AMC/Fund or any SEBI registered KRA and attaching the KYC Acknowledgement with the
 Application Form. For more information, please log on to www.cvlindia.com / www.amfiindia.com,
 before investing.

Applications are liable to be rejected if KYC requirements are not complied with by all the applicants, and if KYC acknowledgement is not enclosed with the Application Form.

Please note that KYC applicability norms for various investor categories may change anytime in future. Hence, with a view to avoiding rejections, investors are requested to apprise themselves about KYC applicability before submitting their transactions.
